Article 2

Licensing

3 AAC 304.100. When licenses become available

Except as provided in 3 AAC 304.110, an application will be denied if it is received by the board at a time when there are no available licenses of the kind applied for. In this chapter, a license becomes available

(1) on the date the director determines the relevant population under 3 AAC 304.905, where the license becomes available because of an increase in the population during the preceding year;

(2) 30 days after the period for renewing licenses has expired, where the license becomes available because a license has expired and has not been renewed;

(3) on the conclusion of all appeals of the revocation, or on waiver of appeal by the licensee, whichever is later, where the license becomes available because of the revocation of another license;

(4) on the date determined by the board or the director in any other case.

3 AAC 304.105. Application generally

(a) An application must be on a form prescribed by the board.

(b) An application for a new license or for renewal, relocation, or transfer of an existing license, must contain the information required by AS 04.11.260 - 04.11.290. In addition, as appropriate, the application must contain the following:

(1) written authorization for release of conviction and arrest records of a new applicant or transferee, and that person's affiliates, along with a listing of the convictions of any of those individuals in any state or territory for a crime or for a violation of liquor laws;

(2) if the new applicant or transferee is a corporation, written authorization for release of the conviction and arrest records of each officer and director and, unless the

applicant is a corporation described in AS 04.11.050(c), of each individual shareholder owning 10 percent or more of the corporation's stock;

(3) a statement that no one other than the applicant has a financial interest in the business to be licensed;

(4) if the new applicant or transferee is a partnership or joint venture, a copy of its partnership or joint venture agreement, or, if the new applicant or transferee is a corporation, a copy of its certificate of incorporation and a statement of the applicant that the corporation is in good standing;

(5) a statement that the applicant or its principals have read and are familiar with AS 04 and with this chapter;

(6) copies of deeds, lease agreements, or other documents that show right or title to, or interest in, land and buildings at the location of the business to be licensed; and

(7) if the new applicant or transferee is a limited liability organization, a statement of the applicant that the limited liability organization is in good standing, and if it is a

(A) limited liability company, a copy of its articles of organization, certificate of organization, and operating agreement; or

(B) limited liability partnership, a copy of its statement of qualification.

(c) The required biennial license fee must accompany an application for a new license or permit, or for renewal of an existing license or permit.

(d) A non-refundable application fee of \$500 must accompany an application for a new license, relocation, or transfer of an existing license. A non-refundable application fee of \$300 must accompany an application for license renewal.

(e) An application that is incomplete or that is not accompanied by the required fees will be returned to the applicant.

3 AAC 304.106. Security interest transfers

(a) A licensee wishing to establish a security interest in a license being transferred to a new owner shall submit the following documents with the transfer application:

(1) a leasehold conveyance or contract of sale of real property made in the course of the license transfer;

(2) a list of personal property being conveyed from the transferor to the transferee, along with the value of the property and a draft UCC financing statement in which a security interest in the license is claimed under AS 04.11.670, AS 04.11.360(4)(B), containing the following statement: "Under the terms of AS 04.11.670, AS 04.11.360(4)(B), and 3 AAC 304.106, the transferor/lessor retains a security interest in the liquor license that is the subject of this conveyance, and may, as a result, be able to obtain a retransfer of the license without satisfaction of other creditors."; the value of the personal property must be sufficient for the board to determine that the license is not being used as collateral except as provided under AS 04.11.670;

(3) all transaction and security documents relating to the lease or sale of real property and sale of personal property in conjunction with the license transfer.

(b) The transferor must include in the published notice of transfer required by AS 04.11.310(a), the following statement: "Under the terms of AS 04.11.360(4)(B), AS 04.11.670, and 3 AAC 304.106, the transferor/lessor retains a security interest in the liquor license that is the subject of this conveyance, and may, as a result, be able to obtain a retransfer of the license without satisfaction of other creditors."

(c) After board approval, a copy of the recorded leasehold conveyance or contract of sale of real property, and the recorded UCC financing statement must be provided to the director before the transferred license may be operated.

(d) A security interest in a license may not be established when the license transfer contemplates a transfer of less than 100 percent of the interest in the license.

(e) A license with an established security interest may not be transferred to a new owner unless all obligations under the security interest are satisfied before or as part of the transfer, except that the board may make an exception in the case of the death of a licensee.

3 AAC 304.107. Compelled transfer of license; security interest

(a) If a former licensee seeks to compel the transfer of a license because of a promise under AS 04.11.670 given as collateral by the current licensee to the former licensee in the course of an earlier transfer of the license, followed by a default in payment in connection with property conveyed or a lease made in the course of the previous transfer, the board will deny the transfer if creditors are not satisfied under AS 04.11.360(4)(A) unless it clearly appears that

- (1) the security interest was established in the previous transfer in accordance with 3 AAC 304.106;
- (2) the former licensee operated the license that was transferred for at least 240 hours;
- (3) the term of a security interest in a license to secure payment for personal property did not exceed 10 years.

(b) The director may identify, in board meeting agendas, those applications for transfer of ownership that are secured as described in this section.

(c) After the foreclosure of real property that secures payment of a debt also secured by a promise under AS 04.11.670, a license may not be retransferred without satisfaction of creditors under AS 04.11.360(4)(A) unless

- (1) the board approved an application for retransfer before the foreclosure; or
- (2) the amount owed to the former licensee for the real property at the time of foreclosure exceeds the fair market value of the property; the former licensee carries the burden of proof to show that the fair market value is less than the amount owed.

3 AAC 304.110. Mutually exclusive and competing applications

(a) When the board receives applications for more licenses of a type than can be supported by the population under AS 04.11.400(a), so that the board is required to deny one or more applications, the applications are "mutually exclusive" under this section.

(b) The board will consider, and grant or deny, mutually exclusive applications in the order in which they are received. However, all "competing applications," as defined under (c) of

this section, will be treated as if they were received at the same time, and will be considered together.

(c) "Competing applications" are those mutually exclusive applications for licenses

(1) inside a unified municipality, organized borough, or incorporated city that,

(A) if the applications are for one or more licenses which have become available because of a change of local option or a change in population, are received during the 30-day period beginning on the date the license or licenses first become available; or

(B) if the applications are for the last available license other than a license described in (A) of this paragraph, are received within the same 30-day period beginning on the date the board received the first application for the license; and

(2) outside a unified municipality, organized borough, or incorporated city, that are received 30 days or less after the immediately preceding application for the license.

(d) Nothing in this section may be interpreted to allow the 90-day time limit for a decision on an application, set by AS 04.11.510, to be exceeded.

3 AAC 304.112. Selection among competing applications within incorporated cities, organized boroughs, and unified municipalities

(a) Within an incorporated city, organized borough, or unified municipality, all competing applications, as defined in 3 AAC 304.110(c), will be considered together by the board under this section.

(b) If affiliates, or persons who are related by birth or marriage, have filed competing applications for premises at a single location, the board will, in its discretion, deny all but one of those applications.

(c) The board will deny any competing applications which are required to be denied under AS 04.11.320, 04.11.340, or 04.11.480.

(d) If the denial of one or more competing applications under (b) or (c) of this section causes any other competing applications to cease to be mutually exclusive, the board will, in its discretion, approve the applications which are no longer mutually exclusive.

(e) If there continue to be competing applications after the steps in (b), (c), and (d) of this section are taken, the board will, in its discretion, grant any applications the board considers most in the public interest. The factors the board will, in its discretion, consider in determining the public interest include the safety, suitability, and proximity to other licensed premises of the location of the proposed premises; the size of the proposed premises; community amenities associated with the premises, including entertainment, dining facilities, and tourist accommodations; and preferences or priorities expressed by the local governing body.

(f) If there continue to be competing applications after the steps in (b), (c), (d), and (e) of this section are taken, the board will, in its discretion, conduct a drawing to determine which remaining competing applications to approve.

(g) A competing application not granted under this section will be denied without prejudice to future application.

(h) A license granted under this section will be issued after the time within which unsuccessful competing applicants may appeal the denial of their applications, and after all statutory requirements are met by the successful applicant.

3 AAC 304.115. Petitions

(a) If required by statute or regulation, a petition is a necessary part of an application for a new license, and for renewal, transfer, or relocation of an existing license. An application submitted without the required petition is incomplete. All petitions must be on forms prescribed by the board. Petition signatures must be obtained within the 90-day period immediately preceding the submission of the application. After an application has been filed, no additional signatures may be added to the petition, and no signatures may be withdrawn.

(b) A person signing a petition relating to a license must be 21 years of age or older and must be a permanent resident of the geographical area relevant to the petition. A person may have only one permanent residence.

3 AAC 304.125. Public notice

(a) The notice required by AS 04.11.310 must be given as follows:

(1) by posting for a period of at least 10 days a true copy of the application at

(A) the location of the proposed premises; and

(B) one other conspicuous location in the area of the proposed premises;

and

(2) by an announcement, published once a week for three consecutive weeks in a newspaper of general circulation in the area or broadcast twice a week for three consecutive weeks by a radio station serving the area, stating

(A) the name of the applicant and the transferee if applicable;

(B) the name and location of the proposed premises;

(C) the type of license applied for;

(D) that any comment or objection may be submitted to the board; and

(E) whether the application is for a new license or transfer of an existing license.

(b) Proof of posting and of publication or broadcast must be made by affidavit which must be attached to the application.

(c) If the director considers it necessary to provide adequate public notice, or if the director is requested to do so by a local governing body or village counsel, the director will, in his discretion, require that the announcement described in (a) of this section be given in the Native language as well as in English.

(d) The public notice must be given within the 60 days immediately preceding the filing of the application.

(e) Notwithstanding (a)(2) of this section, within the municipality of Anchorage, the City and Borough of Juneau, and the Fairbanks North Star Borough, the applicant shall provide notice of the application by an announcement, published once a week for three consecutive

weeks in a newspaper of general circulation in the area. In the communities specified in this subsection, broadcast notice by a radio station may not substitute for newspaper notice.

(f) A newspaper notice of an application must be by display advertisement measuring a minimum of one column inch by three inches.

(g) A broadcast notice of an application by radio station must occur during triple A advertising time.

3 AAC 304.135. Action upon application

Repealed.

3 AAC 304.145. Local governing body protest

(a) To protest an application or the continued operation of a license, a local governing body must set out its reasons in a written protest filed with the board and copied to the applicant. The reasons stated by a local governing body must be logical grounds for opposing the application or continued operation of the license and have a reasonable basis in fact.

(b) The board will not take final action upon an application until at least

(1) 60 days after the receipt of the notice required by AS 04.11.520 by a local governing body unless it advises the director in writing before the end of the 60 days that it is waiving its right to protest the application; and

(2) 15 days after completion of public notice of the application.

(c) Repealed 5/11/96.

(d) A local governing body that protests an application shall allow the applicant a reasonable opportunity to defend the application before a meeting of the local governing body.

(e) A local governing body protest may be based upon facts that render the particular application objectionable to the local body, or may be based upon a general public policy. If based on a general public policy, the policy must have a reasonable basis in fact, may not be contrary to law, and may not be patently inapplicable to the particular application being

protested. The board will not substitute its judgment for that of the local governing body on matters of public policy that have reasonable factual support.

(f) If the application is denied because of the protest, and the applicant requests a hearing, the local governing body must, at the board's request, appear or otherwise meaningfully participate in the hearing and must assist in or undertake the defense of its protest.

(g) In addition to the other grounds for protest set out in this section, a local governing body may protest the

(1) renewal or transfer of a license based on nonpayment of delinquent taxes of at least \$200 arising in whole or in part from the conduct of the licensed business; and

(2) transfer of a license if the

(A) local governing body has adopted an ordinance under which it may estimate the amount of taxes due in the tax year of the proposed transfer and arising in whole or in part from the conduct of the licensed business, and require the licensee to pay the estimated amount; and

(B) licensee fails to pay that amount or give security under AS 04.11.360.

(h) The board may uphold a protest of an application or continued operation with a single abeyance period not to exceed 180 days if the local governing body indicates that the protest is subject to rescission and that it will be withdrawn if the applicant meets conditions set by the local governing body. If the local governing body notifies the board within the period of the abeyance that the protest has been removed, the application or continued operation is approved when all other applicable requirements have been met. If the local governing body has not notified the board within the period of the abeyance that it has removed the protest, the application or continued operation is denied. The period of abeyance may not be extended or renewed.

3 AAC 304.147. Processing fees for renewals after late payment of taxes

(a) A licensee shall pay the following additional fee for renewal of a license after a local governing body protests renewal under 3 AAC 304.145(g)(1):

(1) if the delinquent taxes are paid after the local governing body files a protest with the board and before the board denies license renewal under AS 04.11.510(a), \$50;

(2) if the delinquent taxes are paid, after protest, but before appointment of a hearing officer to hear an appeal of the board's denial of license renewal, \$200;

(3) if the delinquent taxes are paid, after appointment of a hearing officer, but before an administrative hearing on the appeal of the board's denial of license renewal, \$1,000;
or

(4) if the delinquent taxes are paid, after an administrative hearing, but before the board adopts a hearing officer's recommendation to deny license renewal, \$2,000.

(b) A fee under (a) of this section will not be charged or will be refunded if the board finds that the local governing body has withdrawn the protest on the basis that the protest was made in error.

(c) Failure to remit fees under this section within 10 days following receipt of written notice from the director is additional grounds for the board to deny an application for renewal.

3 AAC 304.150. Procedure on objection or protest; appeals

(a) If the board receives an objection described in AS 04.11.470, a protest described in AS 04.11.480(a) and 3 AAC 304.145, or a protest described in AS 04.11.480(b), the board will follow the following procedures:

(1) In the case of an objection described in AS 04.11.470, the board will, at the first meeting at which it considers the application after the objection is received, determine whether it is appropriate to hold a public hearing under AS 04.11.510(b)(2) to ascertain the reaction of the public or a local governing body to the application. If the board determines that it is appropriate to hold a public hearing, the board will follow the procedures in (b) of this section.

(2) If the board receives a protest of an application from a local governing body described in AS 04.11.480(a), the board will review the protest at its first regular meeting at which it considers the application after the protest is received. If the board has any indication that the protest might be arbitrary, capricious, or unreasonable, the board will first determine

whether the protest is based on a question of law. If the protest is found to be based in whole or in part on a question of law, the board will schedule the matter for a public hearing under (b) of this section and AS 04.11.510(b)(4). Unless a hearing is required by another provision of law, if the protest is found not to be based on a question of law the board will, in its discretion, and if appropriate, conduct a public hearing under (b) of this section to ascertain the reaction of the public or a local governing body to the application in question. If the board has no indication that the protest is arbitrary, capricious, or unreasonable, it will, in its discretion, vote to uphold the protest, and the applicant and the board will follow the procedure set in AS 04.11.510(b)(1). If the board decides to overrule the protest, the local governing body may appeal the board's decision under AS 44.62.

(3) If a protest is received as described in AS 04.11.480(b), the board will, under (b) of this section, conduct a public hearing as required by AS 04.11.510(b)(3).

(b) A public hearing under this subsection will, in the board's discretion, be conducted, after proper notice to interested parties and members of the public, by the board's staff or the board sitting alone. The board shall exercise all other powers relating to the conduct of the hearing. If the hearing is conducted by the board's staff, the director or the director's designee shall prepare a written report to the board.

(c) A hearing conducted under this section will, in the discretion of the director, be recorded by a qualified court reporter or the board's staff.

(d) A hearing required to be held under AS 44.62 is delegated to a hearing officer alone, unless the board decides to sit along with a hearing officer for a specific matter.

3 AAC 304.155. Issuance of license

Upon approval of an application for a new license or the renewal or transfer of an existing license, receipt by the board of necessary public health and public safety approvals and completion of any inspection considered necessary by the director, the director will issue an appropriate license.

3 AAC 304.160. License renewals

(a) For purposes of AS 04.11.270(b), a license renewal is timely and not delinquent if received at the board's main office or postmarked on or before December 31.

(b) For purposes of AS 04.11.540, an application for renewal of a license as described in that section is considered submitted by February 28 if the renewal application is received at the board's main office or postmarked on or before February 28.

(c) If a mailed renewal application has an illegible postmark or an undated postmark, the postmark date is rebuttably presumed to be five calendar days before the application was received in the board's office.

(d) In this section, "postmark" means the official cancellation stamp used by the United States Postal Service that records the date and place of mailing.

(e) For the purposes of AS 04.11.540, if a license has expired for failure to file a complete application for renewal by February 28 or for failure to pay the required fees and penalty fees by that date, the board will consider a written request to reinstate the license if the request is accompanied by

- (1) a complete application;
- (2) a reinstatement fee of \$1,000;
- (3) all other required fees and penalty fees; and
- (4) proof of good cause for the failure to file and pay by February 28.

(f) The board will deny a request for reinstatement submitted under (e) of this section if

(1) the license became available in accordance with 3 AAC 304.100(2) and was issued to a different applicant, unless the limit of licenses under AS 04.11.400 has not been reached; or

(2) the board finds that the failure to timely file or pay was caused by

(A) the licensee's failure to notify the board of a change of the licensee's mailing address;

(B) a transfer of ownership of the business for which the license was issued without written approval of the board in violation of AS 04.11.040;

(C) a lease of the licensed business to another person in violation of AS 04.11.450(c); or

(D) any other action of the licensee whether active or tacit that the board finds constitutes a failure to lawfully operate the business for which the license was issued.

3 AAC 304.165. Renewals

Repealed.

3 AAC 304.170. Waiver of annual operating requirement and minimum operating requirements

(a) Except as provided in this section, the board will deny an application for renewal of a license if the licensed premises were not operated for the time required by AS 04.11.330(a)(3) or (d).

(b) A licensee may apply to the board, requesting that the board waive the operating requirement of AS 04.11.330 (a)(3) or (d). Under AS 04.11.330(a)(3), the board will determine whether, through no fault of the licensee or because the premises are under construction, the licensed premises could not be operated for the required time during the preceding calendar year.

(c) An application for waiver for a calendar year must be made in writing to the board and must be accompanied by a non-refundable application fee of:

(1) an amount equal to one-half the applicable biennial license fee if a waiver application was not made for the previous year; or

(2) double the amount of the fee paid for the previous year's waiver application;

(d) In an application for waiver, the licensee must explain why the licensed premises were not operated. Additionally, the licensee must provide a copy of the application to the local governing body, if any, having jurisdiction over the license and licensed premises.

(e) The board will, in its discretion, deny a third or subsequent consecutive application for waiver unless the licensee clearly shows that the licensed premises were not operated

because the premises were condemned or substantially destroyed by any cause. If the premises identified on an applicant's license are not leased or owned by the licensee, the third or subsequent application will, in the board's discretion, be denied. Additionally, a third or subsequent consecutive application for waiver that does not identify a licensed premises location will, in the board's discretion, be denied.

(f) The board will, in its discretion, impose conditions along with the approval of an application for waiver.

(g) If an application for waiver is denied, an application for license renewal for the succeeding license period will be denied by the board under AS 04.11.330(a)(3).

(h) In addition to the application fee under (c) of this section, the applicant shall pay \$1,000 for an application that is received too late for board consideration at its last meeting of the calendar year for which waiver is requested.

(i) In circumstances of death of a licensee, destruction of the premises, or comparable circumstances showing extraordinary hardship, the board will, in its discretion, waive the fees under (c) and (h) of this section.

(j) If a license is exercised only to satisfy the minimum operating requirement under AS 04.11.330(a)(3) or 3 AAC 304.107(c)(1), a licensee shall operate in a similar fashion to other licensed premises of the same type by meeting the following operating requirements if appropriate for the license type:

(1) provide signage, of sufficient size and visibility to show that the premises is open for business, stating business name and hours of operations;

(2) offer for sale at the licensed premises, as appropriate to the type of license, a variety of malt beverages, wines, and distilled spirits;

(3) visibly display the alcoholic beverages stock in a licensed package store premises;

(4) provide seating in beverage dispensary licensed premises for at least one-half of the maximum number allowed by the occupancy permit;

(5) comply with all state or municipal health, fire, and zoning laws or ordinances required for the operation of business;

(6) maintain a record of all purchases of alcoholic beverages for resale on the licensed premises; and

(7) record sales with a cash register or point of sale system that retains a record of transactions.

(k) The licensee has the burden of proof to show that the licensed premises was operated for the minimum required period of time and met the operating requirements under (j) of this section. The licensee may provide receipts, invoices, photographs, permits, timecards, and other records to meet the burden of proof. If the licensee fails to provide proof that one or more of the operating requirements was met, the board may consider additional documentation provided by the licensee to determine whether the licensee has met the burden of proof.

(l) If a new license is issued between November 20 and December 31, the licensee is exempt from filing a waiver of annual operating requirement for that year.

3 AAC 304.175. Transfers

(a) Repealed 5/11/96.

(b) An application for the transfer of a license or of a controlling interest in a license issued to a corporation or limited liability organization must contain the same information about the transferee as required of an applicant for a new license.

(c) The transfer of a controlling interest in a corporation or limited liability organization that is the holder of a license issued under AS 04.11.400(g) is prohibited.

(d) Without limitation, the board will, in its discretion, deny an application to transfer a license to another person if the license was issued to the licensee less than one year before the date of the proposed transfer. This subsection applies only to new licenses first applied for on or after April 30, 1984.

(e) An application for the transfer of a liquor license received after November 1 of the year in which the license expires must be accompanied by an application to renew the liquor license.

3 AAC 304.180. Denial, suspension, revocation, or refusal to renew or transfer, in the public interest

(a) The board may consider the following factors in determining whether it is in the public interest to deny, revoke, suspend, or refuse to renew or transfer a license:

(1) the applicant's, the applicant's affiliates', the transferee's, or the transferee's affiliates' histories of conviction of a felony in this state, the United States, or another state or territory during the 15 years immediately preceding the date of application;

(2) the applicant's, the applicant's affiliates', the transferee's, or the transferee's affiliates' histories of commission of

(A) a violation of AS 04 or regulations adopted by the board; or

(B) a violation of the alcoholic beverage control laws of another state, as a licensee of that state;

(3) whether the applicant, the applicant's affiliates, the transferee, or the transferee's affiliates are untrustworthy, unfit to conduct a licensed business, or a potential source of harm to the public;

(4) whether the applicant, the applicant's affiliates, the transferee, or the transferee's affiliates have permitted, on licensed premises belonging to that person, the occurrence of sexual contact between persons; for the purpose of this paragraph, "sexual contact" means the touching of genitals, anus, or female breast or the intrusion of any object into the genital or anal opening regardless of whether the act was consensual; and

(5) all other factors the board in its discretion determines relevant to the public interest.

(b) A local governing body may properly protest an application under AS 04.11.480 using the factors set out in (a) of this section.

3 AAC 304.185. Licensed premises

(a) A license is issued for a specific place which is the licensed premises and which must be clearly designated in a line drawing accompanying an application. The address of the

licensed premises and the business name under which the licensee is doing business at that address must be indicated on the license application.

(b) With the exception of a recreational site license and a destination resort license, the licensed premises must be one area, but may include separate rooms if the rooms are adjacent to one another or if they are rooms described in AS 04.11.090(d). If the licensed premises consist of more than one room in which a fixed counter or service bar is regularly maintained, a duplicate license is required for the additional rooms. A recreational site license and a destination resort license may have multiple separate licensed premises areas with the approval of the board.

(c) The licensee shall conspicuously post the license within the licensed premises.
